Conversation: Regards from LMU

Dear Sir or Madam,

I am very happy to write to you and introduce Laoning Medical University. I am Paul Liang, President of College of International Education, I know your consultancy from ICEF platform.

Laoning Medical University (LMU), founded in 1949, is located in the seaport of Anshou in Liaoning Province, 3 hours east of Beijing by express train. The university has set up 16 secondary level teaching units, 13 research centers. There are 3 affiliated comprehensive hospitals, 4 medical comprehensive hospitals and 122 teaching and practice bases in LMU. The number of the students has amounted to about 10000. Now the total staff of LMU is about 3000. The College of International Education (CIE) is a key college of LMU. CIE offers degrees of Doctor, Master and Bachelor. Now we have recruited students from Korea, Japan, South Korea, India, Russia, Pakistan, etc.

CIE provides high-grade Chinese and medical subjects to overseas students. We have the characteristic of 'high quality - low price' in the Chinese language and medical education. The medical students will study 1.2 years Chinese first and the following 5 years medical education will be given in Chinese medium. The prices of commodities here are also low. Therefore, overseas students here can get satisfied knowledge with low price. We have the friendly cooperation idea with the overseas agencies. 20% of the tuition will be paid to you as the commission for the recruitment of students learning Chinese and 10% of the tuition will be paid for the medical students' recruitment. All the above commission will be paid to you every year until the students finished their study in our University, we hope to have a successful cooperation with you in the near future.

For more information, please write to us without any hesitation and visit our website. Website: <http://chinese.lmu.edu.cn/>

You are welcome to visit our university at any time. We are happy to offer you free food and hotel in Anshou if you don't mind. We are looking forward to hearing from you soon.

Centre of English Studies (CES) - Educator

Full member

 Established in 1976, Centre of English Studies (CES) has over 30 years' experience and is one of the leading English language schools in Europe.

During this time we have gained an international reputation for the care and attention that all of our clients receive. Over the last 30 years CES has helped thousands of students from the four corners of the world improve their English language skills and abilities by helping them to achieve their language passport to their future.

CES is recognised by the Irish Department of Education and ACELS in Ireland and is accredited by the British Council in England. CES Ireland is a full member school of EAQUALS and in England CES is a full member of Education UK and is accredited by the British Council. Both schools are members of WYSE and ALTO.

CES staff will dedicate themselves to making sure that your stay in Ireland or England is as positive and worthwhile as possible!

In 2007 CES was awarded the Language Travel Magazine 'Star Award' for English Language School with 4 or less year round centres. We were again shortlisted for this award in 2008 and 2009.

In 2008 CES opened up its first school in Taiwan. [Visit our website for more.](#)

Client feedback - Virtual workshop agent members

Connect. Manage. Enrol.

We have found some great schools which give us great information. They tell us how to operate the courses and educate us! We've started making a new division for these programs. ICEF online works.

Chika Omuro - Youth Exchange Service, International / YES Travel Center - Japan

The bigger benefit for us until now is the new relationships with more than 100 new schools.

I think without this platform we would take a long time before have opportunities to meet all of them.

Your global passport

As one of the most successful providers of international education in Australia. RMIT is home to more than 15,000 international students (onshore and offshore) from more than one hundred countries.

RMIT has linkages with partner organisations located around the world, including leading universities, companies and community groups. RMIT is a member of the Global U8 Consortium and, with a campus in Vietnam and significant teaching partnerships in Hong Kong, China, Malaysia and Singapore, has a strong educational presence in the Asia-Pacific region.

As an international university, RMIT offers programs aligned with the demands of the global economy. With a commitment to education and research that builds understanding by practical investigation, RMIT designs for the problems it encounters in the world around it. To maintain this for the future, RMIT looks to building a 'global passport' for students, to ensure they have the skills and outlook needed to play a role on a world stage.
